### **Item 1.01 Entry into a Material Definitive Agreement**

On September 24, 2015, Aduro Biotech, Inc. (the “**Company**”) entered into a Share Sale Agreement (the “**Purchase Agreement**”), by and among the Company, Aduro Netherlands Coöperatief U.A., a cooperative organized under the laws of the Netherlands and a wholly-owned indirect subsidiary of the Company (“**Aduro Netherlands**”), BioNovion Holding B.V., a private limited liability company organized under the laws of the Netherlands (“**BioNovion**”), and the shareholders of BioNovion (the “**Sellers**”). Pursuant to the Purchase Agreement, Aduro Netherlands will acquire all of the issued and outstanding shares of BioNovion from the Sellers for an aggregate purchase price of (i) EUR 14,500,000 in cash and (ii) EUR 14,500,000 in common stock of the Company (the “**Common Stock**”) based on the volume weighted average closing market price on NASDAQ of the Common Stock calculated over the 20 trading days prior to the closing date under the Purchase Agreement, plus earn-out and milestone payments as described below (the “**Acquisition**”). The purchase price will be subject to a customary working capital adjustment and an adjustment for net cash and borrowings of BioNovion and its subsidiary as of the closing date under the Purchase Agreement.

The Sellers have the opportunity to receive additional contingent payments from Aduro as follows: (i) EUR 6,000,000 upon acceptance by the U.S. Food and Drug Administration of an investigational new drug application for a specified BioNovion antibody product candidate; and (ii) EUR 20,000,000 upon receipt by BioNovion of a \$40 million milestone payment by the licensee under a pre-existing antibody discovery and license agreement, triggered by marketing authorization for the first indication in the United States for a specified BioNovion antibody product candidate. If such discovery and license agreement is terminated by the licensee before the closing date of the Acquisition, the aggregate purchase price will be reduced by EUR 2,500,000 in cash and EUR 2,500,000 in Common Stock, and the contingent payment of EUR 20,000,000 will be cancelled.

Each of the Company, Aduro Netherlands, BioNovion and the Sellers has provided customary representations, warranties and covenants in the Purchase Agreement. The Acquisition is expected to close by October 30, 2015 and the completion of the Acquisition is subject to various closing conditions, including but not limited to (i) timely performance by each party of its obligations and covenants under the Purchase Agreement, (ii) the delivery by BioNovion of notice of the Acquisition to certain third parties, and (iii) the absence of any actions by any governmental or regulatory body impeding or reasonably likely to impede the Acquisition.

The Purchase Agreement may be terminated by the Company or the Sellers if the Acquisition does not close by December 31, 2015.

The foregoing description of the Purchase Agreement does not purport to be complete and is subject to, and is qualified in its entirety by, the full text of the Purchase Agreement, which the Company expects to file as an exhibit to its Quarterly Report on Form 10-Q for the fiscal quarter ending September 30, 2015.
